Why choose Us?

Practical Approach and Business Focus

We teach practical Mandarin for your business communication purpose. Because we are not focusing on teaching you text book dialogues or memorizing complicated characters writing. That enables you and your staff to learn to speak basic Mandarin Chinese faster than other programs. How fast? – between 6 to 10 weeks (1.5- 2 hours per week)

Creative Teaching Method

We teach you and your staff how to use Chinese in REAL life situations. We empower you to develop your own ability to recognize the language structures, use the language patterns to build your own sentences together in a meaningful context. We help you to remember words and phrases through English words associations. So it becomes meaningful to you.

Combine language & culture together

Language and culture go hand in hand. Without a great understanding of the culture much of the language can be lost. At Chinese language and culture training, we not only teach you to speak Mandarin Chinese, we also teach you culture and etiquette as a whole, both important tools when you are doing business with China.

It is motivational and engaging

We make learning Chinese language come 'alive'! We use jokes and real life stories that will help you to remember Chinese language in a cultural context. We engage you in learning through supporting you and challenging you at the same time. We help achieve better results. We are passionate about teaching. We believe our enthusiasm for learning is infectious.
